

SAFEHARBOR

More people engaged. Better choices on the ballot.

Professional canvassing and field operations · Chicago

SafeHarbor has 25 years of experience in professional canvassing and professional field operations. That work covers political campaigns, professional campaigns, business campaigns, and general outreach. Twenty-one of those years have been in the City of Chicago and the State of Illinois.

MOTTO

More people engaged. The right person, for the right job.

Mission

The more people who get engaged — on every level of a campaign — the more the citizens of the City of Chicago will elect the right person for the right job. We do not take sides. We work the field.

Who we work for

All campaigns. Mayoral. Ward. Aldermanic. We also run field work for business campaigns and general outreach. Size does not decide the job. A full citywide race and a single-ward push get the same standard: trained walkers, clean sheets, and a daily count.

City of Chicago and Illinois

69 campuses

in the city

We need over half of them

College students, on purpose

Chicago has 69 colleges and career schools inside the city — four-year universities, the seven City Colleges, and career campuses. SafeHarbor staffs field work with college students from those campuses. To cover the city the way a real campaign needs, we have to be on more than 50 percent of them. That is 35 campuses or more.

What the crews do

- Door-to-door canvassing and campus outreach.
- Petition circulation on official sheets only.
- Voter contact for any campaign that hires us.
- Daily turn-in, with a count a manager can use.

How we stay neutral

- We do not endorse. We do not take sides.
- Any mayoral, ward, or aldermanic campaign.
- Students are paid to walk, not to persuade.
- The voter decides. We get them the chance.
